

TSA Growth

- Didn't track swimmer counts until a per-capita dues share was introduced in 2002
- Combined teams (one team formed from two or more clubs) didn't exist prior to 1999
- Some clubs in the 1970s had "split-squad" teams (two teams from one club)
- TSA subdivided into a North League and a South League in 1995; these figures include the 4 or 6 teams placed in the Elite League each season from 2001 to 2006
